TO AROUSE ENTHUSIASM.

The Fire Department Takes Steps To Get The People to Talking.

There was an enthusiastic meeting of the Greensboro Volunteer Fire Department last night. The members are working for the tournament in a business-like way. And every member is working hard. Things are being taken up in the right way and the tournament is bound to be a big success. While the business of the central, finance and other committees is important, the business of the department is of no less significance. One of the most important duties that devolves upon the department is to arouse enthusiasm and get the people to talking the tournament and at the meeting last night, steps were taken to do this. An entertainment committee composed of E L. Clark, B. A. Boone and J. H. Prince was appointed. The duty of the committee is to ascertain number of guests each hotel and boarding house in the city can accommodate and what rates will be provided for the tournament. It was also decided to have a department parade next Tuesday afternoon. Every piece of fire apparatus in the department and every fireman who possibly can will take part in the parade. The idea is to get the people to talking, for the tournament is but little more than ninety days off and the people cannot show their interest and enthusiasm too soon. Talk the tournament at home and when you go abroad and help to make it the grandest tournament and industrial exhibition the state has ever known.

MOREHEAD CITY WINS.

The Annual Meeting of the Teachers' Assembly.

It has been officially announced that the next annual meeting of the North Carolina Teachers' Assembly will be held in Morehead City. Secretary W. T. Whitsett announced the decision of the executive committee Monday. This is one of the few contests in which Greensboro loses. A spirited contest has been going on between this city, Charlotte and Morehead City, each of which claimed to be the best place for the annual meeting. Through the efforts of the proprietors of the Atlantic Hotel, the fight was won for Morehead City, where the assembly owns it's hall and the teachers will again meet.

Mr. Buchanan Dead.

The grim reaper is doing his work silently, amid the busy scenes, and old and young pass out at his bidding. This morning an aged citizen, Mr. Thos Buchanan, aged 88 years, died at the home of his daughter, Mrs. J. H. Rankin, on Ashe street. Mr. Buchanan was also the father of Mrs. Dr. J. H Marley, Mrs. B. C. Phillips and Mrs. A. A. Crutchfield; also Mr. J. H. Buchanan, who lives on Forbis street. The funeral will be conducted from the residence tomorrow morning and interment made in Greene Hill cemetery.

Chicken and Meat Theives.

The meat thieves who made a series of raids in and around Greensboro a short while ago, are at the old game again. The smoke house of Mr. Daniel Gillespie, who lives near the city limit on Asheboro street, was robbed Sunday night. The thieves secured several pounds of nice meat.

Mr. John DeWitt has been losing chickens on the installment plan of late. He lives near the coal chute and has missed two at a time for more than once and this morning five were missing. The thief evidently scrutinized things closely, as he also stole eggs from under a setting hen.

Day Wins His Case.

In the case of the state prison against Superintendent W. H. Day the supreme court has decided Day is entitled to possession of the property of the state prison and to the control of the convicts as under the law of 1897, and has right to execute the duties of superintendent. Justice Furches concurs in this decision and Day wins his case.

The Ladies' Aid Society.

A full representation of the Atlar Guild and Ladies' Aid Society of St. Barnabas church is requested Thursday (tomorrow) at 4 p. m. to meet with Mrs. Bogart, on Church street, when all the ladies of the parish are invited to be present, as a matter of especial interest to each and all is to be brought up at this time.

SHOULDER TO SHOULDER,

American And British Marines Fight Against Heavy Odds,

UPRISING OF MATAAFAS MEN.

Four Americans Killed, Five Wounded. British Loss, Two—Feeling At Washington.

By Wire to THE TELEGRAM.

Washington, April 12—The state department has received a cablegram from Admiral Kautz dated at Auckland, April 12, stating that the combined forces of the British and Americans were ambuscaded while reconnoitering under Lieut. Freeman, of the British navy, near Apia. The admiral deeply regrets to announce the death of the following Americans: Lieut. Lansdale, Ensign Monaghan, Coxswain Butler, and an ordinary seaman, Norman E. Easal; five were wounded; all of the cruiser Philadelphia. The British loss was Lieut. Freeman and two men killed.

The state department has requested the British and German embassies to notify it of any additional information they may receive.

AMERICANS AND BRITISH RETREAT.

Apia, Samoa, April 4, via Auckland and San Francisco, April 12—Masaafas warriors have ambushed a force of a hundred to a hundred and fifty American and British sailors and marines. Three officers and four sailors were killed. The attack was made on a German plantation today, and the Americans and British were forced to retreat to the beach by overwhelming odds.

FORTY MATAAFAS KILLED.

San Francisco, April 12—The Call today prints the following special copy-righted dispatch:

Auckland, April 12—Eight hundred Mataafas men ambuscaded one hundred and five Blue Jackets near Apia. The fighting was terrific. The American and British tars repeatedly drove their assailants back, who fought with overwhelmingly superior force. Lieut. Lansdale, Ensign Monaghan, of the Philadelphia, and Lieut. Freeman, of the British gunboat, were killed. After the rebels were driven off the bodies of the three officers were recovered, after having been decapitated. Four marines were killed. The Mataafas loss was forty killed, and a large number wounded. Our dead were buried with military honors at Mulinan. There is constant fighting with the natives around Apia, and the life of no European on the Islands is safe.

Ensign Managhan was gallantly assisting Lieut. Lansdale, who had been struck by a native bullet, when he was shot and killed.

The German manager of the plantation has been arrested and placed upon a British warship. He was seen urging the natives to fight.

GERMANY'S UNFRIENDLINESS.

Washington, April 12—Surprise and consternation are expressed upon every hand at the seriousness of the Samoan occurrence. Beneath all the comments there is the most bitter criticism of Germany's evident unfriendliness to the United States. Officially there is no such criticism, but members of the administration privately do not hesitate to declare that Germany's unfriendliness is at the bottom of the trouble.

CIPHER CABLEGRAM FROM KAUTZ.

Washington, April 12—The Bureau of Navigation has received a long cipher cablegram from Admiral Kautz which is being rapidly deciphered.

"Spain has notified us she will evacuate Mindera Polo soon. Otis."

DR. TRACY'S LAST EXHIBITION.

Attended By a Large Audience at The Academy Last Night.

Dr. N. W. Tracy gave his closing exhibition at the academy of music last night to one of the largest audiences that attended any lecture during the entire series. "Our War With Spain" was illustrated as fully as could have been expected, Dr. Tracy presenting and explaining scenes from almost every engagement on land or sea. Few manipulators of the stereopticon succeed in presenting pictures as plainly as Dr. Tracy. His different machines are perfect and his collection of pictures, most of them used in temperance work, is said to have cost $6,000.

Dr. Tracy is doing a grand work and the temperance element here, as elsewhere, wish him God speed. His visit here will be pleasantly remembered by those who took advantage of the opportunity of hearing his lectures. He and his excellent family and the family of his singer, Mr. W. H. O. Rauch, left this morning for Concord where they will remain two weeks.

Mr. Rauch went to Danville to make arrangements for an engagement there. After visiting Danville they will go to the coal regions of Pennsylvania to remain for some time.

Tobacco In Cumberland.

Letters are being received in this city every day from prominent tobacco men throughout the State inquiring if it will be worth the while to send buyers to this market, as they learn through the papers that Cumberland farmers are planting tobacco. In answer to these inquiries, we can state that a great number of Cumberland farmers are planting tobacco this year, not on a large scale, however, one barn being the usual crop, though there are a number who have planted tobacco before who will have a two or three barn crop. We also learn that the building of a warehouse is assured.—Fayetteville Observer.

NORTH CAROLINA'S CLAIMS

Upon the U. S for Expenses Incurred During the War,

THE TROUBLE BEING ADJUSTED

And It Will Hardly Be Necessary to Refer the Matter to Congress. Some Already Paid.

Special to the Telegram.

Washington, April 12—At the treasury department, in reply to inquiries, it was stated yesterday morning that the claims of South Carolina and other southern states for expenses incurred during the Spanish war for providing for and maintaining the volunteer troops, are now being paid. The department is paying the claims as rapidly as possible after the vouchers are received duly signed.

Judge Townsend, private secretary to Senator McLaurin, was in the city for some time in connection with the South Carolina claims, but has returned to the state It is understood that some of the claims have been returned to Columbia on account of errors in properly filling out the vouchers, but they will be paid as soon as they can be corrected.

The claims of Virginia, North Carolina and of other southern states which have been held up are also being received at the treasury department and settled as rapidly as is possible under the routine of the treasury department. It was stated at the treasury that it will not be long before all of the legitimate claims against the government growing out of the Spanish war have been settled.

For some time the claims of North Carolina, and one or two of the other states, were in such condition that it appeared as if it would be necessary to refer them to congress for congressional legislation before they could be paid by the treasury department, but it was stated yesterday that the trouble over these claims are now being straightened out, and it is hoped that the necessity for such action can be avoided. A number of the North Carolina claims have already been paid by the department.

It was reported yesterday that Mr. Ralph Riddleberger has removed his residence to Norfolk, Virginia, where he goes for the purpose of entering into the practice of law. Mr. Riddleberger is a young man and has many friends in Washington where he has resided during the sessions of congress for many years. He is a son of Ex-Senator Riddleberger, of Virginia, who represented the state in the senate during the Mahone regime. For many years Mr. Ralph Riddleberger was head page of the senate. He has a pleasing manner, is a young man of estimable qualities, and has the faculty of making and keeping friends. It is said by his friends that he resembles his distinguished father in many particulars.

Miss Bessie Henderson, of North Carolina, passed through Washington the other day enroute to Baltimore where she goes for the purpose of visiting friends. Miss Henderson is a daughter of Ex-Representative Henderson of North Carolina. She did not remain in Washington only just long enough to make the proper railroad connections.

The latter part of last week several Virginia democrats, including Representative Jones, Lamb and Rixey, Attorney General Montague, and Hon. J. Walton Moore, were in the city. These gentlemen were all signers of the recent call for a conference upon the subject of a popular primary, but it is said that nothing in the nature of a conference between the gentlemen was held here, or at least nothing to that effect will be admitted. The gentlemen, so far as can be learned, have all returned to their homes.

Mrs. E. K. Jones, of Norfolk, Virginia, and Miss Mary Page, of Aberdeen, North Carolina, are in the city for a few days. The ladies are stopping at the St. James hotel.

Zebulon M. Caviness has been commissioned postmaster at Brayville, North Carolina. Augustine C. Tew has been commissioned postmaster at Rhodes, North Carolina.

Interest is being revived in the case of Judge Ewart. It is claimed that he is debarred from reappointment as Judge by a certain section of the revised statutes, but this is denied by the friends of Judge Ewart and they say the president will reappoint him.

Death of One of Henderson's Most Prominent Business Men.

Henderson, N. C., April 11—Mr. E. W. Hite, one of our leading business men, dropped dead on the street about 4 o'clock yesterday afternoon. His death was quite a shock to the community. Mr. Hite was seemingly well at dinner and was laughing and talking to friends up town a few moments prior to his death. He went to get his mail and was returning to his place of business when he fell, dying instantly of paralysis of the heart.

Brockmann Concert.

It is not often we have the opportunity to listen to a song rendered by a pupil of the composer, but such will be the case tomorrow night at the Brockman Orchestra concert. "THE NOBLE WOMEN."

Typhoid still rages at Philadelphia without abatement and the women held a public meeting in the Academy of Music an evening or two since to take measures for the improvement of the water supply, since the men, who are so busy manipulating machine politics, have refused to attend to the vital question.

Commenting on the incident, the Record says:

"It is of no use to tell these wives and mothers and daughters that they must wait in patience while petty intrigue drags its slimy length through councils, or while fussy officials make a pretense of creating difficulties where none actually exist! In this affair the women, rather than the political engineers and machine politicians, represent the dominant sentiment of the community, and it behooves the powers that be to listen closely to their complaint and heed well its purport."

When the women take upon themselves the necessity of arising for the suppression of an evil, there may certainly be reckoned to be, by all precedents, the pure gold of justice in their plea, wisdom and the betterment of of humanity. We speak of the representative women—our noble wives and mothers and sisters—not the shamless, sensational courters of the public gaze, such as Mary Allen Lease, who are as exceptional as they are disgusting. The noble, true-hearted women are ever found on the best side of every question, and if ever this world is saved it will be owed to their self-sacrificing efforts to a far greater degree than to any other human agency.

The incident of the Philadelphia women leaving the sacred fireside to go forth and grapple in their strengthened and inspired frailty with the great vital question that confronts the city, reflects strongly upon the official manhood of that town, which is too busy in the intrigue of corruption to take the steps which should be taken.

Whatever may be said in regard to woman occupying her rightful sphere, it is well known to everybody that she is always found in her legitimate field till the welfare of her husband is endangered by his own neglect or corruption.

Those theorists who hold that the end of time is drawing near are supported in the minds of some people by the terrible plethora of accidents that are occurring these days by flood and field-fires, wars, rumors of wars and dire disaster that stalks about in every conceivable form. The weather is what's the matter with these pessimists. If it would only stop raining their diseased imaginations would take a brighter turn.

Greensboro is to be congratulated on her public schools. The attendance on the white schools is larger in proportion to the population than any other town in the state. The growth of these schools has been gratifying. Ten years ago there were not over two hundred children and five teachers. Now there are over twelve hundred children and twenty-five teachers.

Aguinaldo still keeps a head in the Philippines war.

Before the discovery of One Minute Cough Cure, ministers were greatly disturbed by coughing congregations. No excuse for it now. Howard Gardner's

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and $1.00. Every bottle guaranteed.

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., Nov. 23.

I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

McELREE'S
Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

A Mother's Duty

is to see to it that her children begin early in life to shampoo their heads regularly once a week. In each instance, after the hair is thoroughly dry, some mild, health-giving tonic should be applied to the scalp to aid nature in creating the best possible growth of uniformly colored, lustrous, healthy hair—the most important feature in the make-up of beautiful women and handsome men. For more than fifteen years, the

7 Sutherland Sisters' Scalp Cleaner

has stood at the apex of all shampoo washes, while the "HAIR GROWER" has been equally successful in its efforts to return the injured scalp and almost lifeless to their original healthfulness.

ONLY ONE CURE FOR SCROFULA.

S. S. S. is the Only Remedy Equal to this Obstinate Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetter, Pimples, Sores, Ulcers, etc. Insist upon S S S.; nothing can take its place.

Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

Notes of The Prowler

"Do you know" said the Prowler as he appeared in the sanctum this morning, "that I see or hear something every day that makes me weary and sigh for a lone spot in some vast wilderness? I read something in the Telegram of last Saturday that was simply and solely, purely and positively Rot—with a large and lingering R. It is all right to praise the brave deeds of heroic men—men who face danger when there is danger; but it is maudlin in the extreme to attempt to make much of a hero out of a man who is not liberal enough to accord to other people the right to an opinion and who, when he meets a man who dares to hold and express an opinion different from his own, raises his head high in the air and passes by without recognizing a former friend and co-worker.

"There are people in Greensboro who hold opinions of their own—people who believe they have a right to think and to talk sometimes. There are people here who believe that it is contrary to good common sense and beyond reason to poison a man's blood to keep it from becoming poisoned. That is the substance of vaccination and is the way to put it.

"This odious business must pass. It has held sway through the dark ages in which it was inaugurated. It has been, I am informed, abolished in England and Switzerland. Doctors are learning (those who study) all the time. Less than twenty-five years ago thousands of fever patients went to their graves begging for a sip of cold water to cool their parched tongues and the wise old doctor shook his head and said, 'No, water will kill you.' Now, all the water a patient wants—ice water, too—is given, with good results. It shows the doctors don't know it all yet.

"There are many people, I have found in my rounds, who believe that the so-called meningitis that is proving fatal in this city is the direct result of this poison virus, given in the interest of health! It is known that a like complaint has followed vaccination almost everywhere. Ask those who have been vaccinated and many of them will tell you 'I lacked only a little of having it.'

"The theory of protecting a man from future death by taking a shot gun and blowing the top of his head off may be a very pretty one to those who can understand the advantages of it, but I believe it is a good idea to use a little good common sense along with everything and not so much theory."

And the Prowler looked very wise as he strode up the steps and passed out into the mud-begrimed streets with which our vaccinated city is checkered.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by C. E. Holton.

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what we consider the finest assortment of Form-Fitting Shoes for men and ladies, misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increased expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
